“ I just found out of Kristine’s passing, and my heart is broken for the family. Kristine lived at my house on Grafton Street, she was not a tenant she was A friend, she was family. She loved my children, she watched them grow and celebrated their successes with me. Although I know she’s in a better place, free from suffering, the pain is still real. I will keep her memories in my heart forever. God bless you my friend, fly free, you always deserved to fly free.

YOUR FOREVER FRIEND: JEN MARTINEZ, Justin, Frances and  
Matty❤️
